

LIFE POINT 2: CITIZENSHIP

Do you know what the word citizenship means? It means to love and care for the country you are in. As Little MKs we have two countries to love and care for. We have the country that we are from and also the country that God has placed us in.

How can we remember to love our original country? We can pray for the leaders, we can celebrate the holidays of that country— like independence day, or Memorial Day. We can love the country we are in by being good citizens there. We need to care for the house, the land, the plants, and the things around us in our own country. It is good to be careful to follow all of the rules of the country that you live in.

1. What do you love the most about the country you came from?
2. What do you love the most about the country you live in now?
3. How are you a good citizen?

**“This is my commandment that you love one another
even as I have loved you.” John 15:1**
