

You can be renewed

A snake sheds its skin up to 15 times per year. A brand-new layer forms beneath the old layer. The old layer falls off as the snake moves around. The snake leaves what is old behind it.

In II Corinthians 4:16 we read that we can be renewed, too. A snake is renewed on the outside with brand new skin but God can renew the insides of our hearts daily!

"Though outwardly we are wasting away, yet inwardly we are being renewed day by day."

II Cor. 4:16. Let's not wait every 4-6 weeks like the snake does for its shedding-but let's do it daily!

Slitherly Facts:

- Snakes don't have eyelids
- Snakes smell with their tongues.
- Snakes are completely deaf.
- Snakes are incapable of learning.
